

M&A Chromebook

MAQT116CB

M&A Chromebook

Designed for Education with Unique Features that Promote Learning, Rugged, durable, quick to deploy, easy to manage, maintain, and keep secure.

Features

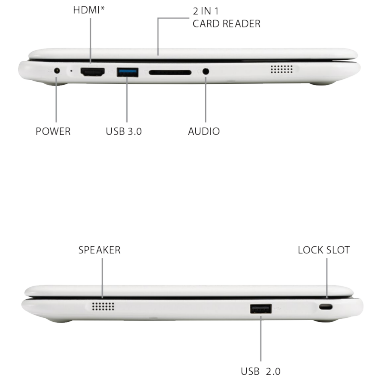

Teachers and Students

- Hassle Free
- Built-in Applications
- Unique Features that Promote Learning
- Fast, Smooth Performance
- All-Day Battery Life for All-Day Learning

IT Administrators

- Rugged – built tough for anytime, anywhere learning
- Durable
- Quick to deploy and easy to manage
- Easy to maintain and keep secure

Designed for Education:

Unique features that promote learning

- Rotatable camera with optional snap-on magnification lens that supports scientific inquiry along with photo and video projects.
- Retractable handle that makes it easy for students to carry and less likely to be dropped.
- Anti-glare screen that reduces student eyestrain.
- Up to 9.5 hours of battery life² for all-day learning.

Rugged

- Drop resistant – built to withstand bumps and accidental drops from up to 70 cm. Stronger, thicker rear cover, frame around the screen sides and corners absorb the force of bumps and reduce damage when dropped.
- Water resistant keyboard channels spills (up to 330 ml) away from the electronics to prevent damage. Sealed touchpad protects electronics from moisture and spills.

Durable

- Reinforcement around ports and hinges adds durability that stands up to student wear and tear.
- Anti-peel keys resist removal by students.
- Non-slip texture hides wear and scratches and helps the student to better grip the device.
- Fanless design eliminates the need for bottom vents. No vents helps to keep debris away from the electronics, helping to extend the life of the device.

Specifications

Operating System

Chrome[®] OS

Display

11.6 inch 1366 x 768 resolution HD LED anti-glare screen

Connectivity

Intel[®] Dual Band Wireless - AC 7260 adapter (Wi-Fi 802.11 ac/a/b/g/n 2x2 with Bluetooth[®] 4.05)

Processor

Intel[®] Celeron[®] Processor N2830 [1M Cache, up to 2.41 GHz] or Intel[®] Celeron[®] Processor N2930 [2M Cache, up to 2.16 GHz]

Memory

2 GB

Storage

16 GB SSD and 100 GB Google Drive[®] cloud storage free for 2 years⁶

Weight

1290 g

Camera

Rotatable 1.0MP 720P HD camera can be angled to capture images, video, and support scientific inquiry activities

Battery

Up to 9.5 hours of battery life.² 3 cell (3200mAh/cell) polymer, 36Wh. Serviceable battery – can be replaced by school IT.

System I/O

2 in 1 card reader (SD/MMC), Full HDMI^{*}, 1 x USB 3.0, 1 x USB 2.0, Kensington[®] security lock slot

Sound/Microphone

Stereo sound, integrated microphone rotates with camera

Dimensions

300 x 215 x 22.4 mm
